

JK-B781F-2S

JOCKY

Direct drive straight button holing machine
with double step motor

Features

1. One step motor is for auto lifting presser foot, easy operation
2. Another step motor is for driving the cutter, keep machine running at high speed, silent cutting, no noise
3. The machine has a thread break sensor, presser foot keeps pressing the cloth so that the holing process can be easily restarted
4. Step motor drives the cutter so it is easier to sew on thick materials, and the cutter will never get stuck.

MORE INFORMATION

Technical Specification

Model	JK-B781F-2S
Control System	Servo Motor Control
Condition	Brand new and latest version
Display Type	Digital Display
Display Size	70mmX50mm
Stitch formation	Lock stitch
Mechanical Configuration	Flat bed
Max speed	3,600 spm
Needle bar stroke	34.6mm
Max. lift of the work clamp	12mm
Max. thickness to sewing	6 mm
Max. Stitch Length	8 mm
Feed Mechanism	Needle Feed
Needle type	DP*5 #11J
Power Supply	AC 220V \pm 10%,50Hz
Power Consumption	Max. 550W
Packing Dimension	700x370x520mm
Weight(G.W/N.W)	57/53kgs
