MORE INFORMATION

Technical Specification

Model	JK-200E-HCS
Max. speed	2,000sti/min
Stitch length	10mm
Needle size	DPx5 17#
Needle quantity	1
Elastic width	10-70mm (customize to max.80mm)
Elastic band circumference	Min.20cm (customize to Min.14cm)
Max.stitch number	10000 stitch/pattern
Stitch number can be stored	60000 stitch
Pattern number can be stored	999 patterns
The lifter height	19mm
Motor power	550W, 220V
Total power	1500W
Air pressure	0.5Mpa, 1.8L/min
Packing size	1220x1220x1600mm
Weight(G.W/N.W)	350/300kgs
