

JK-F900-4D-SUT

JOCKY

Super high speed direct drive overlock sewing machine
(with stepper motor, auto trimmer)

JK-F900-3D-SUT 3 thread
JK-F900-4D-SUT 4 thread
JK-F900-5D-SUT 5 thread

Features

1. Humanized design, the machine can be easily handled.
2. Stepper motor for thread trimming and presser foot, no noise, thread shorter after trimming, faster speed, instead of the traditional trimmer, pressure foot electromagnet. Stepper motor is more durable, and presser foot height adjustable.
3. Multiple photo-eye sensors can realize the slight lifting of the air-seam presser foot and reduce noise. Adapt to all kinds of net yarns, knitting and weaving, such as denim fabric can be cut smoothly and stably without cutting the fabric.
4. Equipped with a USB interface, which can be used for system upgrades and mobile phone charging.
5. The needle bar and the upper looper needle slide bar are plated with black diamond, which is durable and has a stronger ability to sew more thick materials.

MORE INFORMATION

Technical Specification

Model	JK-F900-4D-SUT
Thread number	4
Needle number	2
Needle type	DCX27 11-14#
Application	Light to medium heavy material
Max. speed	7000 rpm
Max. stitch length	5 mm
Over edge width	6 mm
Differential ratio	0.7-2.0
Presser foot lift	5.5mm
Power	550W
Packing size	480x335x480mm
Weight(G.W/N.W)	30/26kgs
